DISCUSSION:

1. The applicant, Koons Used Car Outlet, represented by M. Catharine Puskar, requests special use permit approval to operate an automobile sales business located at 5800 Edsall Road.
2. The subject property is one lot of record with 551 feet of frontage on Edsall Road, 488 feet of depth and a total lot area of 6.4 acres. The site is developed with two buildings, the larger of which is occupied by Enterprise Leasing Company, an automobile sales and rental business, and the Koons Collision Repair Center, an automobile repair business. The smaller building is occupied by NTW, Inc., a light automobile repair facility approved under Special Use Permit # 95-0079.
3. Koons Collision Repair Center: On December 12, 1998, Council granted Special Use Permit #98-0139 to Kline Collision Repair Center allowing the continuation of an automobile repair business as a noncomplying use. The center is now known as Koons Collision Repair Center. On September 15, 2001, City Council approved Special Use Permit #2001-0064 for the continued operation of the business.
4. Enterprise Leasing Company: On December 12, 1998, City Council granted Special Use Permit #98-0020 for Kline Infiniti to transfer its automobile sales and rentals business to Enterprise Leasing Company. On September 18, 1999, City Council approved Special Use Permit #99-00063 for the continued operation of the automobile sales and rental business.
5. As approved by Council, the collision repair center occupies approximately 40,376 square feet of the building and performs general automobile repairs. Pursuant to its separate special use permit, Enterprise occupies the main showroom space in the building and rents and sells used cars from the site.
6. The Koons Used Car Outlet currently requests approval to take over the existing automobile sales business from the Enterprise Leasing Company. The applicant also intends to have car carriers load and unload vehicles on the site. This is not currently permitted in the existing special use permits due to the fact that prior applicants did not propose this as part of their operation and instead had cars driven to the site separately.
7. If the subject special use permit request is approved, the Enterprise Leasing Company will occupy 1,000 square feet of space in the subject building, the Koons Used Car Outlet will occupy 2,500 square feet, and the Koons Collision Repair Center will occupy the remaining space. No building expansion is proposed to accommodate these changes.

8. The existing and proposed hours for the Koons Used Car Outlet and the Enterprise Leasing Company are as follows:

<u>Koons Used Car Outlet</u>	<u>Enterprise Leasing Company</u>
Existing:	Existing:
None	7:00 a.m.-9:00 p.m. Monday to Saturday 9:00 a.m.-3:00 p.m. Sunday
Proposed:	Proposed:
9:00 a.m.-9:00 p.m. Monday to Friday	7:00 a.m.-7:00 p.m. Monday to Friday
9:00 a.m.-7:00 p.m. Saturday	7:00 a.m.-3:00 p.m. Saturday
Noon-6:00 p.m. Sunday	9:00 a.m.-3:00 p.m. Sunday

The proposed hours of operation for Koons Used Car Outlet are fewer than the existing hours for Enterprise from Monday through Saturday, and are the same number of hours on Sunday but provided at a different part of the day. The proposed hours of operation for Enterprise will be reduced from the current hours of operation.

9. The Koons Collision Repair Center is currently permitted to operate between 7:30 a.m. and 7:00 p.m. Monday through Friday, 8:00 a.m. to 4:00 p.m. on Saturdays, and from 11:00 a.m. to 4:00 p.m. on Sundays.
10. The applicant proposes to have cars loaded and unloaded from car carriers on the site between 9:00 a.m. and 6:00 p.m. three times a week.
11. The applicant also expects to have 10 employees on site, and with Enterprises' proposed five employees, the total employees on site for the sales and rental use will be five less than the 20 employees currently employed by Enterprise. The applicant also expects 10 customers a day, which when combined with the 40 expected by Enterprise, will maintain the current level of 50 patrons per day.
12. Enterprise was approved in 1998 to use 75 spaces in the parking lot for the automobile sales and rental use. The parking lot is approved for 434 parking spaces. Koons Used Car Outlet intends to use 58 spaces in the parking lot for customers, employees and sales vehicles. Enterprise intends to use 22 parking spaces for employees, patrons and rental cars. Together, Koons Used Car Outlet and Enterprise will use 80 parking spaces. This is five more than was originally allocated to Enterprise for the automobile sales and rental use. The site, however, is approved for 434 parking spaces and can accommodate this reallocation of five parking spaces from the Koons Collision Repair Center and NTW to the Koons Used Car Outlet.

13. On May 14, 2003 and May 15, 2003 staff inspected the Koons Collision Repair Center and the Enterprise Leasing Company. Staff found a violation of Condition # 24 (applicant shall maintain landscaping in good condition) of SUP #2001-0064 for the Koons Collision Repair Center. Staff issued a ticket for this violation. The required landscaping was originally required in 1998 and was amended in 1999 and 2001. The Koons Collision Repair Center needs to replace missing and dead landscaping at the base of the sign and in the landscape island located directly southeast of the middle entry for the parcel. The missing landscaping includes shrubs and seasonal plants, and there is a tree that appears to have been hit with a car that needs to be replaced. The applicant's attorney has indicated that this landscaping will be done as soon as possible.
14. Zoning: The subject property is located in the CG/Commercial General zone. Section 4-403(D) of the zoning ordinance allows an automobile sales and rental business in the CG zone only with a special use permit. Section 12-302 (J) of the zoning ordinance allows a general automobile repair business to continue as a noncomplying use in a zone that does not otherwise permit general auto repair only with a special use permit.
15. Master Plan: The proposed use is consistent with the Landmark/Van Dorn small area plan chapter of the Master Plan which designates the property for commercial use.

#### STAFF ANALYSIS:

Staff has no objection to the proposed transfer of the automobile sales use from Enterprise Leasing Company to the Koons Used Car Outlet. There are no significant changes in the overall operation of the automobile sales and rental uses. The hours of operation are changing but are not expanding. The total number of parking spaces allocated to the automobiles sales and rental use is increasing by five, however, there are 434 parking spaces on the site that can accommodate this increase as well as the existing uses. The number of employees and patrons expected on site for the same use is not increasing.

Staff has no objection to the unloading and loading of cars on the site, as requested by the current applicant, as long as it takes place at the rear of the lot and only between the hours of 9:00 a.m. and 6:00 p.m. between Monday and Saturday, with no loading and unloading permitted on Sundays. The subject business is located across from residential properties, and staff recommends limiting loading and unloading activities on Sundays and during early morning and evening hours.

Staff does recommend a revision to Condition #2 to reflect that automobile repair and service is not permitted for the Koons Used Car Outlet, but that the on-site repair center (Koons Collision Repair Center) may service the used cars for sale as well as the rental cars located on the lot. The Koons

SUP #2003-0034  
5800 Edsall Road

Collision Repair Center also services other vehicles. This was the arrangement when the Enterprise Leasing Company became the operator of the automobile sales and rental business under Special Use Permit #98-0020.

Staff has included the conditions from the prior Enterprise Leasing Company's special use permit for the automobile sales and rental use, recommends a one year review of the automobile sales use and approval of the automobile sales use subject to the listed conditions.
